4. For learning communities requiring pre-approval, all listed students on this form must be approved for the learning community.

CONSIDER YOUR CHOICES CAREFULLY. LIST ONLY CHOICES YOU WILL ACCEPT.

- Only one learning community approval will be issued per student so no more than one Learning Community may be listed. All students in your group must be approved for the same learning community to be assigned to the learning community.
- If room numbers are listed, the Housing Office does not accept responsibility for the accuracy or availability of your listed room numbers.
- You will not be considered for any location or room type unless you have listed them for consideration.
- Priority for rooms within learning communities or interest housing is given to those who can fill rooms to capacity (i.e. 2 people for an open double, 4 people for a 4-person suite), based upon the group's averaged lottery numbers.
- Individuals without roommates will be assigned to learning communities and interest housing after requests from those able to fill rooms to capacity have been accommodated.
- Housing staff reserve the right to deny suite assignment within learning communities and interest housing options when a suite would be less than 100% occupied at the end of the learning community, interest housing option assignments.
- Six-person suite requests must be able to fill the room to capacity (i.e. 6 people for a 6-person suite)

Precedence is given to lowest lottery number for singles and lowest lottery number averages for multiple-person rooms.
